BRITISH NAVAL RAID BLOCKS OSTEND BASE

German Submarine Base on Belgian Coast Is Rendered Useless.

Obsolete Cruiser, Vindictive, Filled With Concrete Sunk in Channel.

British Casualties in Latest Raid Were Light.

One Motor Boat Is Lost.

(Associated Press Cable) London, May 10.—The German submarine base of Ostend on the Belgian coast has been blocked as the result of a new raid by British naval forces, the Admiralty announces.

The obsolete cruiser Vindictive, filled with concrete, has been sunk across the entrance to the harbor. The British lost one motor boat. Their casualties are light.

Since the attack on Zeebrugge on April 23 the Vindictive had been filled with concrete for this purpose.

The motor launch which was lost had been damaged and was sunk by orders of the Vice Admiral to prevent it falling into the hands of the enemy.

SECRET GUARDED

(Associated Press Cable) Dover, England, May 10.—The decision to send the Vindictive to Ostend was made a few days after her return from the Zeebrugge raid and the task of filling her was begun immediately.

As in the joint raid on Zeebrugge and Ostend April 23, this latest British exploit was kept a well guarded secret.

As an evidence of this it is recalled that after the battle scared cruiser returned from Zeebrugge an urgent request was made that she be sent up the Thames to London for public view.

The authorities did not encourage the proposal, however, and the agitation soon subsided. All the time the old vessel was being overhauled and fitted for blocking the Ostend harbor.

THE DUTCH WILL START THEIR SHIPS TO THE U. S.

By Associated Press Dispatch. Washington, May 10.—An announcement from Rotterdam that the Dutch government will start three ships to America Saturday in exchange for vessels on this side, means that Holland finally has decided to accept the American offer to expedite grain to the Dutch population.

When Dutch shipping was seized the United States informed Holland that to meet the immediate food needs of the nation it would dispatch three vessels, grain laden, if Holland would start three for the United States.

The demand that three ships start from the other side was made because it was feared Germany might demand that vessels from the United States should not return.

BISHOP PATRICK J. HAYES, who was recently appointed Catholic Chaplain General of the United States Army.

HEAVY TOLL EXACTED BY BIG STORM

Eighteen Persons Killed and One Hundred and Fifty Injured in Tornado Which Swept Iowa and Illinois.

Hundreds of Buildings Demolished and Much Live Stock Killed.

By Associated Press Dispatch. Chicago, May 10.—At least eighteen persons were killed and more than 150 seriously injured by the tornado which swept central and northeastern Iowa and Central Illinois late yesterday, according to advices received here early today. The known dead are at the following places:

New Hampton, Iowa, 4; Nashua, Iowa, 2; Toulon, Ill., 2; Franklin, Ill., 3.

Hundreds of houses and farm buildings were blown down and live stock killed in many localities. The full force of the tornado struck Maryville, Iowa, and expended its force at Princeton. In Illinois its greatest force appears to have begun west of Jacksonville and to have continued eastward beyond Decatur.

The advice received from the Iowa district said the full force of the tornado was felt for a distance of 25 miles between Maryville and Princeton, and its greatest width was two miles.

A message from West Union, Iowa, said a train on the Chicago, Milwaukee & St. Paul railway had been wrecked but there was no loss of life. At Jacksonville, Ill., where the tornado first struck, property damage was heavy as well as in the surrounding territory.

In Chicago a high wind last night blew down signs, broke plate glass windows and did other damage.

The Blocking Operations at Ostend Compel U-boats to Use Home Ports.

British and French, in Ypres Sector, Await Next Attack of Enemy, with Lines Firm.

Last Effort of Germans in the North Was Undertaken With Great Force.

Intensity of Artillery Fire Broke Up the Attack While Troops Were Massing.

By Associated Press Dispatch.

The importance of the blocking operations at Ostend on the Belgian coast lines is the fact that if the British have been as successful as believed and the Germans have been deprived of both their Belgian bases they will be forced to revert for some time to their own home ports as starting and returning points for their U-boats.

These craft therefore would have to traverse far longer and more difficult and dangerous routes to attain their cruising ground with the consequent increase of their chances of being turned back or destroyed.

British and French troops southwest of Ypres, having firmly reestablished their lines attacked Wednesday, are awaiting the next move of the Germans.

Attention is being paid to the British line north to the Somme in Picardy and for the first time in weeks the enemy again has attempted to advance his lines west of Albert.

Elsewhere along the Flanders and Somme battle fields only artillery has been active. Paris reports violent firing in the sector north of Montdidier to Haillies.

Latest reports indicate the German effort in the north was to have been in great strength, but the British artillery on the east and the French infantry attack and barrage on the west broke up the enemy divisions waiting to join the attackers. As a result only two divisions attacked on the five miles between Voormezelle and La-Clytte.

The weather has improved in northern France. Probably the Germans have been waiting for this to launch another blow. Allied airmen have taken an advantage of the change from the rainy condition to drop many tons of bombs on important railway and concentration centers behind the German lines.

Yesterday the allies accounted for 29 machines.

Rosetov, on the Don, the largest city in the Don Cossack territory, and near the mouth of the Don river, has been occupied by the Germans.

SOLDIERS DIE IN WRECKED TROOP TRAIN

By Associated Press Dispatch.

Columbia, S. C., May 10.—Between 10 and 15 soldiers were killed and many probably fatally injured when three coaches loaded with members of the 321 infantry and the 317th machine gun company fell from a trestle near Camp Jackson today.

The men had just entrained for the army cantonment at Camp Sevier and Greenville, S. C. Nearly all of the men in two wooden coaches were either killed or seriously injured, according to early reports.

Two wooden coaches jumped the

AMERICAN GIRL'S TRIBUTE TO FRENCH HERO

THIS RUTH SCHULTZ AND FRENCH HERO.

A pretty American girl became so enthusiastic over the "French Blue Devils" who are here to aid the Third Liberty Loan, that she threw her arms around one of the poilus, Edouard Deleu. The pretty miss is Ruth M. Schultz, of New York, an ardent and capable worker for the loan.

track and a steel coach followed and crushed them. It was reported that no one in the steel coach was seriously hurt.

PEACE OFFER OF GERMANS GIVEN COLD SHOULDER

Prof. Herlon, American Educator, Tells German Professor Where to Get Off.

U. S. Will Fight Until Prussianism, and if Necessary Prussian State Is Extinguished, Whether it Takes One or Ten Years.

(By Associated Press Cable)

London, May 10.—A story of how an attempted German peace offensive directed toward President Wilson was turned down by Professor Heron, an American living in Geneva, is told by the Swiss correspondent of the Daily Mail in a dispatch dated at Annemasse, on the Franco-Swiss frontier. Professor Heron is described as a friend of President Wilson.

The German government, according to the correspondent, tried to get peace offers sent to the President through Professor Heron, who was visited April 19 by Professor Quidde, of Munich, who gave Professor Heron to understand that he spoke for Chancellor von Hertling and the German foreign office.

Professor Heron, the correspondent

"GOT" SIX

Paris, May 10. — (Associated Press Cable) — Six German airplanes were brought down yesterday by Sub-Lieutenant Rene Fonck, the war office announces.

writes, after listening to the German educator, exclaimed:

"I wonder that you have the affrontery to ask me to lay such a rignamole of cant deceit before the American people. Far from creating a spirit of conciliation, it would strengthen the American will to smash the perfidy and nefarious offer of such proposals.

"The United States intends to continue the fighting until the Prussian military power, and if necessary the Prussian state, is extinguished forever, whether it takes one year or ten."

CASUALTY LISTS

By Associated Press Dispatch.

Washington, May 10.—The casualty list today contained 21 names as follows:

Killed in action, 4; died of wounds, 1; died of accident, 1; died of disease, 3; wounded severely, 3; wounded slightly, 7; missing, 1; lost at sea, 1. Private Carrol J. Scully, of Toledo, was the man lost at sea. He was a Tuscania victim now identified and buried.

Private Herbert A. Shipley, of Lancaster, Ohio, was wounded slightly.

GRIVESNES TAKEN

(By Associated Press Cable)

Paris, May 10.—French troops yesterday captured Grivesnes Park, five miles northwest of Montdidier, the war office announces.

DONATES FAMOUS CASTLE.

Dundee, Scotland, May 1.—Belmont Castle, the scene of the final struggle between Macbeth and Macduff when Macbeth was slain, has been given to the city of Dundee by its owner, Mrs. Marryat, who inherited a large fortune from her brother, Sir James Caird.

THE GEORGE CABINET SAFE OVER CRISIS

PUBLICITY'S SPOTLIGHT CENTERED ON BORGLUM

Sculptor, While Acting as Personal Agent of President, Is Attacked by Affidavit.

By Associated Press Dispatch.

Washington, May 10.—The floodlight of publicity was turned today upon the activities of Gutzon Borglum the sculptor, while he was investigating the aircraft production situation as the personal agent of President Wilson.

Letters, telegrams and sworn statements placed in the hands of officials show that Borglum's own investigations failed in test and that while acting as the President's agent he carried on negotiations for the formation of an aircraft corporation in which he was to be a silent partner and which was to have special advantages because of Borglum's association and friendship with the President.

Negotiations between Borglum and Hugo Gibson, connected with the British war mission in the United States, and Kenyon Mix, of the Dods Manufacturing Corporation of Wisconsin, began last November, the documents show. A statement by Mr. Mix included in the documents tells how he withdrew after becoming suspicious of Borglum and reported the affair to Howard Coffin then head of the aircraft production board.

A summary of the negotiations signed by Henry Harrison Supplee, who participated as a consulting engineer for Mix, declared Borglum was to be represented in the corporation by a Mr. Harris and that Borglum's sole asset in the transaction was to be "first, his personal friendship and personal association with President Wilson whom he stated he could do anything with."

"As a first asset," Supplee's statement declares, "Borglum gave every one concerned in this matter to understand his position with the aircraft production board and the aerial section of the Signal Corps was such that he could obtain for their use plans and technical details which this company could use and thus save considerable time and money."

This statement the documents show was made to Mix after Borglum had shown his presidential authority as investigator and at this point the suspicions were aroused and he withdrew from the negotiations.

The documents also declare Borglum told Mix that "through his friendship with the White House and acquaintance with Mr. Gibson the engineer in the employ of the British minister of munitions, he would have access to the best foreign and American designs."

Supplee's statement further declares Borglum gave him to understand that the personnel of the aircraft board was "highly distasteful to him" and that he proposed to change it by "virtue of his friendship with President Wilson" and asked Supplee to suggest men for the places.

Unpleasant Incident the Cause of Much Bitterness.

Dealt With in Quick and Successful Manner.

Premier in Burning Speech Gives His Version of Controversy.

General Maurice's Case in the Hands of War Council.

(By Associated Press Cable)

London, May 10.—The quick and successful manner in which the Lloyd George ministry in the House of Commons yesterday dealt with an unpleasant incident which had caused much bitterness was brought about by a sudden change of tactics on the part of the British cabinet.

Premier Lloyd George withdrew the plan for a Court of Honor to deal with the charge of General Maurice which Andrew Bonar Law said concerned the honor of the ministers.

Lloyd George detailed in a burning speech his version of the controversy which General Maurice began. His brief explanation was the dominating feature of his speech.

The cabinet rode safely over the crisis by a vote of 293 to 196.

The principal point of the Premier's defense was that the disputed statement had been based on information furnished by General Maurice's department of the war office, and that Maurice never had questioned them before.

The status of the controversy as it now stands is virtually that the defense has been heard but the accuser has not. Whether he ever will be is doubtful.

The case of General Maurice is in the hands of the army council and there seems little doubt that his military career has been ended by his own action.

URUGUAY SHOWS HER PATRIOTISM

(Associated Press Correspondence)

Montevideo, May 1.—President Viera's reception of the new Belgian minister recently was made the occasion for a new demonstration of Uruguay's sentiments toward the Entente Allies, and more especially toward Belgium. President Viera, in receiving the minister said:

"Belgium, the martyr country, with her smoking cities, her wealth destroyed, and her men and women enslaved, constitutes the greatest affront which has ever been offered to the world. Her cause is the cause of justice and of humanity. To honor her and to love her, therefore, ought to be imperative duties for all good men and for all noble people."

"Hence, it is that Uruguay has received the Belgian deputies who have recently visited us on a mission from your government, with spontaneous manifestations of sympathy. Hence it is that Uruguay has taken the side of your country. Hence, it is that her fate interests us so deeply and that we have such faith in it. Therefore, you may be absolutely assured that everything here is propitious—sentiments and interests—for the ever more fraternal relations between the two peoples."

STREET CLEANING BY FLUSHING IS NOW NEAR AT HAND
City Has Purchased Studebaker Power Flusher, and This Will be Put to Work in Very Near Future, Bringing Relief from Neglected Streets.

After two or three years' delay, due to injunction suits and failure of those to act who could have done so, there is every indication that within a very short time the city's paved streets will be cleaned by flushing, the time the work begins now being in the hands of Service Director Tracey.

The city has purchased and paid for a Studebaker Power Flusher, costing about \$1750, and this flusher has been stored in the city for the past four to six weeks—waiting action believed necessary before the formal purchase was made; in order to comply with the law and lessen the likelihood of further legal action to tie up the street cleaning work.

Several weeks ago when the city officials ordered the streets cleaned and the purchase of a flusher, an injunction action was filed charging that the action was not legal—that no advertisement for bids had been made, and that no funds were available.

In the meantime the flusher had been ordered, it seems, and had arrived in the city on the day the suit was filed, or a short time before. As a result of the suit the council provided funds by borrowing \$2,000 for the purpose, and advertisement for bids was made, and the flusher repurchased according to law.

For some little time there has been nothing in the way of proceeding with the work, it seems, and at the present time Service Director Tracey is looking for a man and team for the work, after which the street cleaning work will proceed.

WILL CUT 14 INCH WATER MAIN SUNDAY TO INSTALL METER
One of the big water mains at the Pumping Station will be cut early Sunday morning, and there may be considerable interruption in the water service of the city during most of the day if the valves at the stand pipe fail to hold the water stored in the big reservoir while the big main is undergoing changes.

It is estimated that it will require twelve hours to complete the work of cutting the big pipe and installing a meter a thing which has been ordered by the State Board of Health—is being carried out.

Notice has been issued to persons using city water that the service will be interrupted Sunday morning, so that all may prepare for any emergency that may develop by obtaining sufficient water to tide over should the supply in the stand pipe escape because of defective retention valves. The wise citizen will obtain a supply sufficient for ordinary needs, Saturday night.

Supt. Fisher states that it is hoped to have sufficient water in the standpipe to furnish a supply most of the day, or probably all of the time, but gives warning in case the supply cannot be retained in the standpipe by valves calculated to prevent it escaping at any place other than into the mains supply the city.

FARMERS MAKING BEST OF WEATHER
The good weather of this week has witnessed great activity among the farmers, who are busily engaged from dawn until late in the evening, planting their corn, and thousands of acres have been planted within the county during the week.

There is urgent need of rain in much of the county, as the wheat is at a stage where it requires a great deal more moisture than it is receiving. Oats and grass also are in need of a thorough soaking.

NEW BARBER
I have today engaged Mr. Harry Robinson, a capable and courteous barber of Louisville, Ky., to work in my shop.

I find him a reliable and first class workman and we are prepared for best and promptest service at all times.

"DICK" SAXTON IS NOW SERVING IN FRONT LINE
To one of his friends here Richard Saxton, writing from the "western front" under date of April 18th, says:
Western Front.
April 18, 1918.
Since finishing the army school I have been assigned for three weeks to a Regiment of the French army on the western front. Have been here now two weeks, the first of which I spent in the front line, but am now back a short distance for a few days' rest.

It has taken me eight months since I left the Court House last August to get in the front line trenches, but at last I got here. And now the question arises, do I get out.

As soon as I return and find the time, will try and write you a letter really worth while.

I was with the Company from home just one month after we arrived in France. Where they are today, I don't know.

Learned in a letter from Mrs. Hunt that you and Put. had sent

me some cigarettes. Thanks a thousand times, but am sorry to say I didn't get them. In fact I have only received one box from Wash. C. H. out of some 12 or 14 sent.

Your pal, Dick,

HAVER FOR DRUGS

Social and Personal

In compliment to Mrs. Arthur Leland, who is leaving for her new home in the south and Mrs. William Morgan, of Springfield, Mrs. Frank S. Jackson entertained twenty-five young women intimate friends of the honor guests at a Kensington, Friday afternoon.

It was one of the prettiest affairs of the spring season, a wealth of May's loveliest blossoms artistically arranged throughout the handsome home.

Following an afternoon of delightful sociability, its only shadow the very sincere regret attending the departure of Mrs. Leland, a delicious collation was served.

Mrs. Leland, whose vivacity and

attractiveness have made her exceedingly popular with her special coterie and hardly less so with many friends less privileged, was wearing a stunning gown of white crepe de chine, with trimming of King's blue. The shirred skirt was bound with a deep band of the blue, the eon coat embroidered in blue and finished with deep cuffs and collar of blue. A white georgette hat, with King's blue top, and white shoes completed the costume.

Mrs. Morgan, who is always cordially welcomed back among the friends of her home town, was looking pretty in a modish summer silk of black and white. The hostess was wearing a becoming white gown.

Mrs. Austin F. Hopkins entertained with her always charming hospitality at luncheon Friday the members of the Finance Committee of the Chillicothe Presbyterial, including the President, Mrs. E. W. Patterson, of Greenfield; Vice President, Mrs. Bella L. Ustick of this city; Treasurer, Miss Anna Welsh, of Chillicothe; Harry Von Kennel, of Chillicothe, (nee Dorothy Steele) Freedmen's Secretary; Miss Anna May Parrett, Lyndon, Young People's Secretary, and Miss Winifred Caldwell, South Salem. Mrs. Hopkins is Home Secretary.

The luncheon was characterized by beautiful appointments and followed by an afternoon largely devoted to the business of the Presbyterial.

Of course every body wants to go to the Community Dance tonight because it is for the Red Cross, but there is sufficient inducement offered even if the cause were less vital.

It is quite an innovation having two large halls for one dance and made possible by the generosity of the Odd Fellows. The lower hall of the I. O. O. F. will be given over entirely to dancing between the hours of eight and eleven and society young people from a number of other towns will join in the merry whirl. While devotees of Terpsichore find in this hall the main attraction to the general public the upper hall will prove most popular. This immense hall, with seated balcony, will give spectators splendid opportunity to see the dancing on the floor and enjoy the folk and fancy dancing and tableaux, patriotic and otherwise, which will be elaborately put on.

There will also be a return to the square dancing of former years. Mr. F. M. McCoy will call these dances.

There will be splendid music and a refreshment booth. The admission cards admit to both halls.

In honor of his birthday William Rayle delightfully entertained five friends with a Marshmallow toast, Thursday evening.

A blazing fire was built in the back yard and the boys had one royal good time around it—roasting the marshmallows, telling stories and singing.

The guests were: Raymond Flee, Harold Rodecker, Duane Neal, Donald Jones and Paul Bailey.

The young host was assisted in entertaining by his aunt, Miss Beulah Harbison and Miss Clara Thurston.

Mrs. J. Star Smith came up from Bainbridge and delightfully entertained the Thursday Euchre club at the home of Miss Belle DeWitt.

A dainty repast followed a spirited game.

Mr. and Mrs. Arthur Leland and son, John, leave Saturday for Greenfield, where they will be the guests of Dr. and Mrs. Robert Jones for the day, going on to New Vienna, to spend Sunday with Mrs. Leland's parents, Mr. and Mrs. E. A. Squires. On Monday they start for Columbus, Miss., their future home, where Mr. Leland has accepted the position of Cashier with the Refuge Continental Co., Mrs. Leland and son will visit the former's brother, Mr. J. A. Squires and family in Helena, Ark., and her sister, Mrs. Earl Barr, of Isola, Miss., for several weeks enroute.

Dr. E. A. Ellis Osteopathic physician of St. Petersburg, Fla., is the guest of Mrs. A. L. Moore, at the Moore county home, "Hillcrest" on her way home from a trip to New York.

Mr. and Mrs. R. T. McClure and Mr. Frank Johnson were motoring visitors in Columbus Thursday. Miss Mary McClure came up from Portsmouth, meeting the McClures and accompanying them home for a visit.

Miss Nelle Lane arrived Friday to be the guest of Mrs. Martin G. Morris On Saturday, Mrs. Morris and guest go to Columbus to attend a banquet and reunion of their Sorority, the Delta, Delta, Delta at the Ohio State University. Miss Ruth Bryant, of Cleveland, who was also a classmate accompanies them home and will be Mrs. Morris' guest for a few days.

Miss Ruth Dow is spending the week end with her sister in Springfield.

Wilbur Gillespie is home from Camp Sherman on a five day furlough.

Dewey Foley of New Lexington is visiting relatives here for a few days.

Mrs. William Morgan, of Springfield, is visiting her sister, Mrs. Frank S. Jackson.

Miss Hanora Haley is spending the week end at her home in Wilmington.

Mrs. W. B. Rogers spent Thursday in Wilmington with Mr. Rogers, making plans to move to that city in the near future.

Miss Beulah Harbison and nephew William Rayle went to Columbus this evening to spend the week end.

Mrs. Cynthia Greiner and daughter, Mrs. R. M. Hughey, are spending a couple of days in Cincinnati to attend the May Festival.

YOU WILL ENJOY AN EASY SHAVE

Mrs. Kate Latham has returned from the South, and is now at the home of Mr. and Mrs. Homer Palmer, near Milledgeville.

Mrs. Harlan Allen of Milledgeville spent Thursday in Columbus in the work of which she is the leader in Fayette county.

Mr. Charles Miller of Bowersville spent Thursday in Milledgeville, and vicinity, visiting relatives.

Mrs. R. D. Bailey, of Bedford, Ind.

Hoover Says "Waste Not"

And that means one thing to the farmer—feeding hogs—it means a concrete feeding floor. Feeding on a concrete feeding floor saves corn. Corn is worth too much to throw into the muddy lot. Too much is lost.

Government experts say that the loss is at least 10 per cent, and 10 per cent of the corn you feed in a season will pay for your concrete floor and leave you a generous margin of clear profit.

We can build that floor for you quickly. Ask us for a figure.

The Hun Attitude

The government of the United States has, with reference to the problem of furnishing food to the Swiss people, determined to defy the German submarine blockade and send foodstuffs to Switzerland, a neutral nation.

The Huns, with characteristic brutality have declared and enforced a food blockade of Switzerland so far as America is concerned notwithstanding the fact that Switzerland is a neutral nation. With patent dishonesty, unable to refuse the demand of the Swiss for a guarantee of safe conduct for American ships laden with foodstuffs, the Germans resorted to the flimsy excuse that after three months such a guarantee would be given, that time being necessary to notify all submarine commanders now out pirating on the high seas.

The United States will not wait. We will begin at once sending wheat to Switzerland and thus relieve the anxiety of the people.

This nation braves the cowardly submarines on a mission of mercy, not as a war measure.

The Huns resort to brutal oppression of a neutral people as a war measure. A difference which reveals the underlying cause of this appalling war, and a condition which conclusively shows no peace aside from that which will come with the death of the monster of militarism is possible.

Roumania Signs Treaty

Roumania has signed the final treaty of peace with the Central Powers, reduced her brave army to a peace footing and taken up national life again under the domination of the Huns.

There was no other course for Roumania to take—no avenue of escape from the ultimatum laid down by the war powers of the Central Empires. Roumania's national existence, until the power of the conquerors is crushed in the western theatre of war, is little less than a mockery.

The sympathy of the civilized world goes out to Roumania. Bravely entering the struggle on the side of humanity although in the very center of the Balkan "cockpit" willing to do her share for humanity, the little nation and the brave people fought a glorious fight until abandoned by Russia to her fate.

When peace comes and autocracy is overthrown for good and all, the world will not forget Roumania, her brave struggle, her noble sacrifices and her present plight. Some day the bright sun of real peace will shine on Roumania too.

Certain of Enforcement

The announcement that idlers must go to work is no formal threat of officials—it is no annual springtime request—it is a command issued in compliance to a demand which is world-wide in its scope.

Peculiar to no nation, special in no community, the highest and the most humble of officials in almost every land of the world have sent the order forth that every man physically or mentally able must work.

Millions of able-bodied men—almost a score of millions—have been withdrawn from the work of the world and placed in armies and thus those millions have become consumers of food products and destroyers of property. Those who are left in the industrial and agricultural sections must work to create for the extra demand and to make up for the shortage of workers.

This problem of work, right now, is a serious one and must be dealt with heroically. The world is starving and the world must be fed.

It's an awful calamity that the Huns have brought upon humanity, but humanity must fight it out with the barbarians on the field of battle, and humanity must work and work to keep from starving.

The industry and the economy of the American people has been and is the inspiration and the hope of the world.

Officials from the war department (because work has now become a vital part of war activity) and the state governors on down the whole line, are determined that idlers must go. There are to be no fine technical defenses permitted. These are war times and the hair splitting tactics of the civil law will not be permitted to bar humanity from its needs.

Poetry For Today

FROM THE BOYS OVER THERE.
 ("We're Going Good and Strong!")
 Don't you hear the message that's
 a ringin' far and clear—
 Message from the Boys Over There?
 "Keep the home light shinin' and
 we'll do the fightin' here!"
 Message from the Boys Over There!
 "Goin' good and strong!
 Sweepin' right along!"
 Don't you catch the meaning of the
 music in the song?

Winds of all the Oceans on their
 mighty wings to bear
 Message from the Boys Over There!
 "We've got the Huns agoin', and
 we'll whip 'em everywhere!"
 Message from the Boys Over There!
 "Goin' good and strong!
 Sweepin' right along!"
 Join the thrillin' chorus of the stir-
 rin' battle song!

Battle cry of Freedom for their coun-
 try, loved and dear—
 Message from the Boys Over There!
 Don't you glimpse "Old Glory"
 through the fallin' of a tear—
 Not for the Boys Over There!
 For they're goin' good an' strong!
 They're sweepin' right along!
 Join the joyful chorus of their
 mighty battle song!
 —Atlanta Constitution.

HELPING

One's Self Appeals To Nearly Every Person. How It Can Be Done.

1. Save your money.
2. And you help yourself.
3. You also help your family.

4. Moreover by saving you can help the government in the buying of Liberty Bonds and Thrift stamps.

5. Start a savings account with The Buckeye State Building and Loan Company.

6. Rankin Building, 22 West Gay Street, Columbus, Ohio. Assets 14,800,000. Five per cent on time deposits.

DIGGING IN

Dig into your pocket book and shovel out every cent you possibly can for War Savings Stamps. You are not only fortifying yourself for the future, but you are helping the country in which you live, and protecting your home at the same time. Your money won't be of much use to you when the Hun is battering down your front door. Dig in while you have the privilege.
 H. C.

CROP CONDITIONS IN BUCKEYE STATE ABOVE AVERAGE

Improvement in the Winter Wheat Places Crop Far Above Prospect Last Year This Time—Big Acreage of Oats—Condition of Other Crops and Live Stock.

Weather conditions during the early part of April were unfavorable to the growth of the wheat plant, but during the latter part of the month frequent showers were beneficial. The present condition of Ohio's wheat crop is estimated at 87 per cent compared with an average. This is an increase of four per cent since issuance of report one month ago, and four per cent better than this time last year. Much of the wheat is still weak and thin and does not possess the degree of vitality that should be shown at this time, under more favorable conditions.

The southeast increased six points, the northwest and southwest three points each, and the northeast two points. The southwest leads in condition, being reported at 98 per cent. In the northeast of the state there are eleven counties with a condition less than 80 per cent, the lowest being 67 per cent and in the northwest section there are ten counties with a condition less than 80 per cent, the lowest being 66 per cent. The southwest and southeast sections are all over 80 per cent and there are several counties with a condition of 100 per cent and better.

The area sown for grain last fall that will not be harvested is as follows: Northeast section 5 per cent, southeast 2 per cent, northwest 6 per cent and the south west 2 per cent, an average of 4 per cent for the state as a whole or 77,613 acres, leaving 1,893,145 acres for the harvest. The area of spring wheat sown is estimated at 4,038 acres.

Compared with last year a slightly increased area has been seeded to oats. Correspondents estimate that 1,618,421 acres have been sown. This is an increase of 79,588 acres over last year. Seeding was retarded some by the wet weather. The plant that is up and has a good start, is reported as looking fine, and prospects are promising at this time.

The estimated area sown to spring barley is 51,124 acres, which is 104 per cent compared with last year. The condition of winter barley is reported at 95 per cent.

The area sown to rye was reported at 96,719 acres, with an estimated growing condition of 93 per cent compared with an average.

The average date of clover seeding was March 26. The area sown was 967,559 acres, or 95 per cent compared with last year.

Fruit production compared with normal yield is estimated as follows: Apples 81 per cent, peaches 19 per

cent, plums 57 per cent, pears 67 per cent, cherries 62 per cent, quinces 62 per cent, and berries 81 per cent.

The northeast is the more promising in peach prospects for this year, being estimated at 32 per cent.

Hogs have decreased six per cent in number compared with last year, being estimated at 94 per cent. The number of cases of hog cholera have decreased 92 per cent compared with last year, being reported at 8 per cent.

There has been comparatively small loss to live stock during winter and spring. Animals are generally quite healthy though thin in flesh on account of the scarcity and high price of feeds.

WANTS TO HELP OTHER MEN

M. W. Taylor, Calvert, Ala., writes: "To Whom It May Concern: I recommend Foley Kidney Pills, the best I ever used. I tried different remedies, but none gave me relief like Foley's. CUT THIS OUT

For his reference, every raiser of livestock, should preserve the following list of licenses granted by the United States Department of Agriculture for the manufacture of anti-hog cholera serum and virus.

The U. S. Veterinary License Number on the label will indicate the producer of the product, irrespective of who the seller may be.

License No.	Name of Firm.	License No.	Name of Firm.
2	The Eagle Biological & Supply Co., Kansas City.	53	Nodaway Valley Serum Co.
2a	The Eagle Biological & Supply Co., Oklahoma City.	56	The Southwestern Serum Co.
3	H. K. Mulford Co.	61	Gulfoil Serum Co.
6	Pitman-Moore Co.	67	Shelton Serum Co.
7	Midwest Serum Co.	69	Southern Serum Co.
8	The Hevner Serum Co.	70	St. Joseph Veterinary Laboratories.
10	The Wichita & Oklahoma Serum Co.	71	Big O Serum Co.
11	Sioux Falls Serum Co.	72	Central Missouri Serum Co.
12	The Royal Serum Co.	74	Ralston Serum Co.
18	The Stock Yards Serum Co.	77	Corn Belt Serum Co.
21	Continental Serum Laboratories.	78	The Regents, University of California.
23	Missouri Valley Serum Co.	83	E. R. Squibb & Sons.
24	The Sphaler Hog Cholera Serum Co.	84	Grain Belt Supply Co.
25	Inter State Vaccine Co. (production discontinued).	85	The Western Laboratories.
26	Kaw Valley Serum Co.	91	Gregory Farm Laboratory.
27	The Simonson Serum Farm.	96	The Elmore Live Stock Co.
30	Kansas Serum Co.	99	The Corn States Serum Co.
32	Standard Serum Co.	102	The Lathrop Serum Co.
34	Peters National Serum Co.	103	Fowler Serum Co.
37	Sioux City Serum Co.	108	The Universal Serum Co.
38	Husben Serum Co. (Production discontinued)	110	American Serum Co.
39	Purity Biological Laboratories.	111	Blue Cross Serum Co.
40	Cedar Rapids Serum Co.	112	Fort Dodge Serum Co.
45	C. H. Miner Serum Co.	115	The Denver Hog Ranch Co.
48	Swine Breeders Pure Serum Co.	116	Ottumwa Serum Co.
52	The Cutter Laboratory.	124	Anchor Serum Co.
		125	Aurora Serum Co.
		126	Hamilton Chemical Co.
		127	Liberty Laboratories.

The above are anti-hog cholera serum producing establishments only, while numbers omitted have either been cancelled or are held by companies producing biologics other than serum.

Occasionally a company (either licensed or unlicensed) will market serum under their own label, but the product is prepared in some other establishment and under another license number. This fact can be ascertained only by reference to License Number of producing establishment, or serial number of product. The principal objection to the use of a product of this sort is, in case of trouble, where to place the responsibility, with the seller (who did not produce it) or the producer (who did not sell it). It is always advisable to insist upon the use of a product sold by the producer, and one that is absolutely fresh. Any plant where operations have been discontinued is either selling serum produced by some other establishment or is disposing of some old stock.

One word as to proper time to vaccinate: Bear this in mind, an animal already sick from a certain disease cannot be given that disease; likewise an animal immune to a disease cannot be given that disease nor can it be immunized against such disease. If your sows are immune they will confer a passive immunity upon their offspring so long as they derive their sustenance from the mother. This immunity will lapse later, but until such time such pigs cannot be immunized against cholera.

The undersigned will gladly give any information possible with reference to serum, its production and use or assist in any manner in the control of hog cholera.

C. E. GWINN BADLY INJURED WHEN AUTO TAKES THE DITCH

When his new Cadillac automobile skidded while going at high speed on the highway north of Chillicothe, C. E. Gwinn, brother of O. E. Gwinn, formerly of this city, now of Columbus, Gwinn and three companions, two women and a man, were pinned beneath the machine and injured.

Gwinn sustained two or three fractured ribs and a tack from a billboard stuck in his skull. He also suffered internal injuries.

Regarding the accident a dispatch from Chillicothe says, in part:

"County Commissioner Adam Falter and some farm hands in a field near by heard the cry of the passengers and with difficulty extricated them. All four were taken in an auto to the City Hospital.

"Mayor Walter S. Story called at the hospital today and asked the name of the injured man. He was told that it was George Dunn, or George Johnson. After consulting the state license records he again called the hospital and it was then admitted that Gwinn was the correct name.

"One of the women suffered two broken ribs, but was able to be taken back to Columbus.

"The names of the three occupants of the car with Gwinn could not be ascertained."

SUNNYSIDE PLANS FOR BIG RALLY

The Sunnyside schools have been in the vanguard in patriotic work and plans are maturing for one of the

biggest patriotic meetings of the week at the school building tonight.

The first big meeting after war was declared was held at Sunnyside and the first flag-raising attended by hundreds who found it arousing dormant patriotism to a high pitch.

There will be good speeches tonight, music and an explanation of the work of the Woman's Committee of the Council of National Defense, with a display of Red Cross work. Everybody is invited.

SUGAR REGULATIONS MUST BE OBSERVED

All manufacturers using sugar, in order to obtain a supply of sugar after May 15th, must apply at once to the Federal Food Administrator for Ohio for forms which they are to fill out in order to secure certificates to buy sugar.

In making application for these forms they must state the nature of their business and whether they began operations or increased capacity after July 1, 1917.

Sugar certificates for home canners have not yet been received by the local committee from the federal committee. As soon as the certificates arrive the public will be promptly notified and distribution made.

C. N. BAER, Secretary.

NO PARTIALITY

(Associated Press Correspondence)

London, May 1.—At a conference of the National Council of Public Morals, the Bishop of Birmingham suggested that "the two sexes must be treated with absolute equality in regard to divorce and its great cost to the poor must be swept away."

TESTED RECIPES FOR WAR TIMES

Uncooked Cottage Cheese Dishes

Cottage cheese may be served plain, as the main dish of a luncheon or supper in place of cold meat.

Variations

Mix broken nut meats, chopped pimientos, finely cut green peppers, diced cucumbers, or other crisp vegetables with the cheese. Horse radish, onion juice, and parsley make a good combination.

Season dry cheese rather well, pack into a buttered earthen or enamel dish, chill it, turn it out on a platter, and serve it in slices like cold veal loaf.

Mix with the cheese a small quantity of leftover ham or corned beef, finely ground, and season the whole with made mustard. Serve this in slices, or turn the mold out on a border of lettuce leaves.

Suggested Menu

Mold cottage cheese; baked potatoes, lettuce, sliced tomatoes or cucumbers; crisp corn pone or oatmeal muffins; tea, coffee, or whey lemonade; fruit and dessert.

Cottage Cheese With

Cream and Sugar

Use in place of: Meat or eggs for breakfast or supper.

Variations

Add berries, peaches, or other fresh fruits; canned fruits, raisins, cut dates, or other dried fruits; brown sugar, honey, jam or marmalade, or chopped nuts.

Suggested menu for a summer breakfast:—Cottage cheese with cream and fruit (cornflakes if desired); toasted Victory bread; coffee. For a heartier meal, include baked or fried potatoes, or a cereal.

REGULATE PRICES

(Associated Press Correspondence)
Stockholm, April 28.—The War Profiteering Office in Berlin, which was organized to check jobbery in necessities of life, has taken measures to regulate the prices of wines, which have reached the fourfold or even fivefold price figures. German courts have repeatedly held wine to be a necessity of life.

STARTING FOOD. I HAVE NOT LOST A CHICK AND HAVE NEVER SEEN A MORE HEARTY AND HEALTHY FLOCK OF LITTLE ONES. They are here to show for themselves, what a properly balanced ration will do for little chicks.

Conkey's Buttermilk Starting Food contains fine buttermilk reduced to powdered form, with its valuable lactic acid that helps the delicate digestive organs of the little chick. Mixed with it is a combination of clean, wholesome grains, a ration balanced just right for baby chicks.

Ten Cents Pound

Have a Conkey Corner

In Your Poultry House

There is a Conkey Remedy for every curable poultry disease—guaranteed to satisfy you or your money will be returned without question or quibble.

Conkey's Poultry Tonic

To keep breeding stock in good condition, make sure all organs, particularly the digestive organs, are working properly. Every element of nutrition must be taken from the food you give, the blood system must be thoroughly clean, ready to carry off all waste material. Very often the best of feeds do not secure these results, and it is well to mix tonics with the feed, giving the blood and digestive organs those elements. Such a tonic should not contain any overstimulating ingredients that act directly on the organs, nor should it consist mainly of cheap filler, to clog the digestion or interfere with a carefully worked out feeding ration. It should be a tonic only—one that builds by acting on the entire system, toning it up, making the blood richer, and the whole system more vigorous. These sound common sense principles back

Conkey's Poultry Tonic

There is no filler in Conkey's Poultry Tonic, nor is there a bit of Cayenne Pepper or any harmful ingredient in it. A tablespoonful mixed in a quart of feed is sufficient. Cost is hardly anything but it returns big profits to you.

WAYNE TOWNSHIP SCHOOLS CLOSE

The Annual Commencement of the Wayne Township High School is the chief event of interest in that section of the county this week.

The Annual Baccalaureate sermon was delivered by Rev. C. L. Pfaltzgraf last Sunday night, accompanied by special music and impressive services.

The class for the first time introduced the collegiate cap and gown and was preceded by Superintendent Everhart, Principals C. S. States and Oliver Wood, Principals and the teachers of the Good Hope and Cisco schools as they came down the aisle. The graduates are Grace Lyle, Marie Schreiner, Alpa Barr, Winnie White, Pearl Post, Mary Arnold.

The music added greatly to the attraction of the services.

The new Good Hope Orchestra appeared on the program for the first time and scored a tremendous success, under the able leadership of Mrs. H. D. Rodgers. The orchestra is composed of leading musicians of that section and Mrs. Rodgers who is herself a fine musician, formerly directed the Wellston Orchestra.

The parts are well balanced and the ensemble work excellent. The members include Mrs. Rodgers, leader and first violin; Miss Bernice Boggs pianist; Mrs. Tom. Everhart second violin; Mr. Bruce King, cornet; Mr. Isaac Fountain, violin cello; Mr. Mortimer York, clarinet; Mrs. Davidson, of Wellston, a sister of Mrs. Rodgers, assisted with the slide trombone.

Mrs. John York contributed a pleasing vocal solo and a quartet, Mesdames Hayward King, S. E. Boggs, John York and Tom Everhart sang beautifully with orchestral accompaniment.

Class Day exercises are being held this afternoon, following a school dinner at noon and exhibit this morning.

The Commencement proper will be held Saturday night, Ex-Governor Willis will deliver the class address and Prices Orchestra, of Greenfield, the music.

KAISER'S GOAT IS WAXING FAT

The "Kaiser's Goat," which attained fame in this county by netting Red Cross about \$1,000 is now waxing fat on a diet of tin cans, clothes placed on the line to air or dry, waste paper, and in fact anything within reach of the Bob Minshall lot in Sedalia, where Nannie has been taking a much needed rest since being sold at the East Wayne township Red Cross auction.

Col. Minshall expects to consign the goat to a big sale in the near future and add to its fame and popularity as a money producer for the Red Cross.

SMALL POX SHOWS ANOTHER DECREASE

Columbus, O., May 10.—Smallpox figures for March will show another decrease but cannot be expected to fall much, if at all, below 1,000, the State Department of Health has predicted on the basis of incomplete reports.

Communicable diseases in general, it adds, promise to show smaller totals for the month than usual. Most of the scarlet fever epidemics in various parts of the state, which ran the January and February totals up to \$85 and 994 are believed now to be fairly well under control.

SUIT TO PARTITION THE HYER ESTATE

Petition for the partition of the estate of the late Julia A. Hyer was filed in the common pleas court, Friday, by the deceased's sister, Mrs. Susan C. Lettingwell, who makes the following persons defendants in the action:

George Hyer, Fred Hyer, Mary McAdams, Elizabeth Stookey, Newton Hyer, Elmer Duesy, Chas Duesy, Laura Pailent, Mattie James, Eva Duesy, Ralph Duesy, Fannie Duesy, Ada Duesy, Mary Ellen Hyer, Albert Lettingwell, Ellen Hyer and Fannie Duesy.

The undivided one-seventh is claimed by the plaintiff, of the 215 acres in Marion township, devised to the late Julia Hyer by Armilda Johnson. Plaintiff asks that her portion be set apart to her.

Plaintiff is represented by Post & Reid and W. B. Rogers.

HOUSE IS BADLY DAMAGED BY FIRE HOMES THREATENED

During the high wind at the noon hour, fire was discovered in the roof of the Frank Thompson property, on West Market street two houses from the D. T. & I. freight station, occupied by George Petit, and before the fire was extinguished it had destroyed most of the roof and ignited residences on both sides. However the small blazes started in the other properties were quickly extinguished with-

out damage to the properties.

The damage to the house was heavy, as much of the roof was burned away, and the interior badly damaged by smoke and water.

Most of the household goods were removed to a place of safety. It is believed that sparks from a passing

engine kindled the flames.

Two cables of the Central Union Telephone Company were burned in two with the result that a great many phones in the western part of the city were put out of commission. It is expected repairs will be completed sometime Saturday.

LIEUT. STRANGE OF GREENFIELD TELLS OF LIFE IN FRANCE

Hardships Fail to Dampen Spirit of Boys in the Rainbow Division, Says Greenfield Man, Recently Back from Front—Tells of Trip in No-Man's-Land.

Addressing a large audience in Hillsboro, Lieut. Waltham Strange, of Greenfield, formerly with Company M, of this city, and who was given an honorable discharge from the Greenfield Company because of defective sight, told a most interesting story of life with the Rainbow Division in France.

Regarding his address, the Hillsboro Dispatch says in part: "For seven months they were billeted in villages, which he said were identical the same in construction all over France. The lower floors of the houses constituted the stable the second story was the living rooms of the family, and on the third floor was the spare bed room and the place where the hay was stored. The town was unsanitary and the soldiers were put to work digging drainage ditches and cleaning the town up.

"Finally they were told to put their equipment in good shape as they would soon go into the trenches. The gas masks were carefully gone over, as the result might be serious if they fail to work, also the helmets, or tin hats were adjusted so as to make an exact fit. They were moved so near the trenches that the eight-inch shells fell in the territory where they were and when the shells burst they tore a hole in the ground large enough to make a cellar for a good sized house.

"When they reached their destination they were billeted in a cow shed which formerly had been a portion of a good sized barn, but had been destroyed by the shells until only the shed was left. They were taken in the trenches at night time, and the French guide who escorted them told them the most gruesome stories of how the soldiers had met death in the different places he pointed out. They were then taken past some dummy trenches which were made to deceive the Boche airmen. He said that the enemy would note that the old trenches were badly damaged and would conclude that the other trenches were built for the men to occupy, and would direct their gun fire on the dummy or unused trenches.

"The majority of the men were left in the support trenches back of the first line, although a few were left in the first line trenches. Lieut. Strange said that he received the good (?) news that the second night he was to take a squad of men on patrol in "No Man's Land." They were instructed that they were not to fire unless attacked and were to crawl out, hiding in shell holes when possible, and remaining perfectly still when rockets were sent up by the enemies. He said that they saw a German patrol, but that they were no more anxious for trouble than was his squad, and the enemy retired. He

was told to bring his men in at 10 o'clock, but had no means of telling the time, and when he thought it was about the hour designated he took his men back to the lines. It was fortunate that he did so because the Boches open up the heaviest barrage that had been dealt to the Allies in that particular sector.

"Lieut. Strange said that everything that had been said about the coolness and the business like way that the boys went into the war game was absolutely true, and he felt proud of the way his particular company behaved under heavy fire. He said the physical condition of the men was splendid. Many of the men when they enlisted were suffering from all sorts of ailments, but now they were well and ready for a twenty mile hike when ever called upon. To illustrate their power of endurance he related the incident of when they were removed to another point one hundred miles off, how the men marched all day through snow that was often knee deep, without any noon meal, and upon arriving at their stop-over, they were unable to thaw out the canned food, and went to bed supperless. The next morning when the soldiers arose their shoes were frozen, and by the time they had them thawed out they were again on the march and the boys also went without their breakfast. Shortly the men were trudging along whistling and singing as though everything had been to their liking.

"Lieut. Strange said that the work done by the Red Cross and Y. M. C. A. was wonderful, and that every cent given to these agencies was the finest kind of an investment from a humanitarian viewpoint. He said that every Y. M. C. A. hut had the canteen service in charge of an American woman who talked to the boys and brought them in touch with home influences. To illustrate how much the boys enjoy conversing with the women at the canteen, he related the following incident which came under his own observation. One of the soldier boys after several months absence was sent to the camp to secure wood. He entered the canteen and addressed the woman in charge in French. She said "Have you forgotten how to speak English?" The boy was so agreeably surprised when he found that he was speaking to one of his own countrywomen, that tears filled his eyes and for three hours he remained talking to the canteen worker.

"He related another incident of the courage and patience exhibited by an American boy who had been horribly mutilated in an explosion, and knew that his case was hopeless and of the sympathetic care given him by the nurses. He made a strong appeal for the support of the people in all war activities. He said that it was not certain but that yet the war might be carried to this side. While in France he heard persistent rumors that the Germans were building a super-submarine to take care of airplanes which would bombard New York, and that while in New York City he saw preparations being made to protect the people from a raid. He said that the people must do their part here, while the soldiers are doing their part in France."

HIGH COMPLIMENT FOR RALPH PRICE

Mr. Ralph Price, leader of Price's Premier Band, of Greenfield, and who has a host of friends in this community, is paid a high compliment in the May issue of the "Musical Messenger" wherein The Filmore Music House of Cincinnati announces a new march by Mr. Price, "The Western World," describing it as "a stirring military march, one of the very best we publish."

The march is dedicated to the officers and members of Company G, 166th U. S. Infantry, Rainbow Division.

LOOK AT

KUPPENHEIMER CLOTHES

Kuppenheimer Clothes

are known to all men who place appearance above "Penny Wise Economy."

Thinking Men eliminate risk, these days of uncertain values, and look for a substantial brand of clothes.

Every requisite entering into the making and tailoring of clothes has increased up to 50 per cent. It is foolish even to think the same quality can be sold at the same price.

It is sound judgment in the face of these conditions to pay.

DUTIES LOOKED LIKE ENDLESS TASK, SHE SAYS

But Work Is Easy for This Woman Since She Took Tanlac and Improved Her Health.

"My system used to be so run down and I felt so badly that my work looked to me like a big endless task," said Miss Nellie Moore, 141 West Seventh street, Cincinnati, O. "But I'm feeling fine since I tried Tanlac," Miss Moore continued, "and I can do my work with ease now. "I didn't have a bit of ambition before I tried Tanlac and I felt tired out and listless most of the time. "My stomach was out of order. Nothing I ate tasted right and my appetite got so poor that I actually didn't eat anything until I got so weak I had to. "I heard so much about Tanlac that finally I tried it and it certainly has helped me. I've got my appetite now. The listless tired out feeling I used to have is now gone, too, and I can do my work with ease."

Get Tanlac today. It will build you up and improve your health. You can get Tanlac at Blackmer & Tanquary's, Frank Christopher's or C. S. Havers.

Help for Rheumatism
Try Tanlac Rheumatism Treatment for rheumatism. It is helping hundreds of rheumatic sufferers and will do for you what it is doing for others. You can get it at any good drug store. Advt.

CHILD BURGLARS GO TO LANCASTER

Two child burglars were sent to the State Industrial School for Boys, at Lancaster, Friday morning, when they faced Juvenile Judge Frank M. Allen, and admitted their guilt.

The boys were Jesse Lindsay, 11, and Earl Johnson, 14, who were charged with burglarizing the Sanderson Harness Shop and the Burns Grocery on Columbus avenue.

Soon after the burglaries were reported to Chief Moore, he had the boys in tow, and had gained a confession that they had performed both crimes. The Lindsay boy told where his part of the loot obtained could be found, and it was recovered, a small sum of money and some food being stolen from the grocery after a window had been jimmied, and two flash-

lights and pocket knives from the Sanderson harness shop, the shop being robbed first.

The boys were sent before Judge Allen and committed to the reform school, to which institution they were conducted by Sheriff Jones.

The Johnson lad has been in the school before.
